

PARKER D. RUBIN

Boca Raton, FL | 561-699-4839 | pdrubinn@gmail.com | [Linkedin](#) | [Github](#)

CERTIFICATES

- Siren Certification: Completed (SentinelOne Mastery)
- ISC2: In Progress

PROFESSIONAL SUMMARY

Computer Science student at Florida Atlantic University with hands-on experience in cybersecurity, SOC operations, and AI assistant development. Skilled in Windows defense, incident response, and threat analysis through WRCCDC competitions and SOC internship experience.

EDUCATION

Florida Atlantic University

Sep 2024 - Sep 2028

B.A., Computer Science (GPA: 3.8)

Boca Raton, FL

- **Achievements:** Dean's List – Fall 2024 – Present (> 3.5 GPA)
- **Coursework:** Computer Architecture (CDA), Logic & Computer Design (COT), Software Engineering (CEN), Python Programming

SKILLS

- **Programming & Tools:** Python, VHDL, Quartus Prime, ModelSim, Git, GitHub, VS Code, PyCharm, Jupyter
- **Cybersecurity:** Windows hardening, log monitoring, PowerShell, WRCCDC Blue Team experience, Threat Hunting via Autoruns, Process Manager, SentinelOne, Linux
- **Hardware & Electrical:** Wiring, soldering, diagnostics, blueprint interpretation
- **Soft Skills:** Troubleshooting, teamwork, communication, documentation

PROJECTS (GitHub)

Cybersecurity Windows Defense Scripts | [View Here:](#)

Nov 2025 - Present

- Developed PowerShell-based Windows defense tools including firewall automation, system triage, and persistence detection using Sysinternals.

AI Assistant: Project Nova | *Self-Organization:*

Feb 2025 - Present

- Developed Python-based AI assistant with speech I/O, memory, and modular tools using OpenAI APIs; undergoing major redesign.

WORK HISTORY

Arete IR | *SOC Analyst Intern*

Jan 2026 - Present

- Triageed SentinelOne EDR alerts by analyzing process trees, command-line activity, and behavioral indicators to interpret true or false Positives, and determine true and false positives and respond accordingly
- Submitted suspicious files to sandbox environments and documented investigation findings to support SOC escalation workflows
- Created documents for training material (PowerShell, Triage Techniques for Scheduled Task Persistence Removal)

Core Elevator | *Elevator Technician*

Jul 2023 - Present

- Performed electrical wiring, soldering, component replacement, diagnostics, and safety system servicing.
- Interpreted schematics and restored controller functionality; maintained accurate documentation.

CLUBS & LEADERSHIP

Florida Atlantic University | *CybersecurityClub - Officer - Social Media Manager*

Sep 2025

- (3x)Blue Team competitor in WRCCDC practice events (Windows defense, incident response, Injects)
- National Society of Collegiate Scholars (NSCS)

Competitions: | *CCDC QUALIFIERS*

Sep 2025

- Blue Team Competitor in the national event. (Windows defense, incident response, Injects)
- 15th Place: Role: Incident Response 7th/45th. Injects 15th/45th.
- Red vs. Blue Competition Hosted by, SWIFT, Sponsored by Amazon | 7th/25 Teams | Inject & Windows
- NCAE Cyber Games : Blue Team Competitor in the national Linux defense event (SSH, SMB, Web Server defense, CTF challenges). FAU Teams Placement: 5th/12 and 10th/12.
